How do you know if the attorney you are hiring for your DWI Defense can lead you in the right direction?

KNOWLEDGE

Who do other attorneys turn to when they have a DWI question? They turn to Ruane Attorneys at Law. Our office fields dozens of calls and emails each week from other professionals who are trying to defend a DUI case, both in and outside of Connecticut.

DEDICATION

No member of our firm has ever been a prosecutor. Instead we choose members who are committed to the principles of defense work from day one. Our goal as advocates is to evaluate each case independently and put the State to its proof.

Each case, like each client, is unique. In all our years of handling these cases, we have never found an indefensible case. The most important thing to remember is that just because you feel guilty for being arrested, that does not mean you are guilty of a crime. As a boutique firm, we can take the time to determine the needs of each individual client and we can apply our legal and technical resources to meet those needs. We meet the needs through four areas of exceptional dedication to DWI defense

“We take pride in our firm’s National reputation among other lawyers, prosecutors and Judges for the vigorous, knowledgeable defense of drunk driving charges in Connecticut”

FOCUS

Ruane Attorneys at Law accepts as clients persons accused of drunk driving. Almost every other firm in Connecticut will handle a variety of cases, even in such divergent fields as estate planning, bankruptcy, civil lawsuits and divorce. We focus our efforts and attention on the defense of those accused, especially drunk driving.

TRAINING

No other firm in the local area can boast having both a Certified Criminal Trial Specialist and an attorney who has completed the rigorous National Highway Transportation Safety Authority Standardized Field Sobriety Testing course in one office. We do.

CONTINUING EDUCATION

In order to stay up to date on the advances in DUI defense, our attorneys complete over 40 hours yearly in continuing legal and scientific education. Also, utilizing technology, our attorneys are a part of a consortium of over 100 lawyers throughout the nation who regularly exchange scientific articles and developing caselaw on a daily basis.

“[Attorney Ruane] is a nationally known and well-respected attorney in the area of DUI/DWI cases from California to Connecticut. I have valued his opinions and frequently request his advice.”

–Attorney Vince Tucci, Orange County, California

THINGS TO KNOW

1. You only have seven (7) days from the date of the DMV suspension notice to request a hearing to defend against the automatic suspension of your license
2. A first conviction for drunk driving carries with it a mandatory 1 year license suspension - That means no driving at all!
3. The Office of the State’s Attorney has created a special Drunk Driving prosecution unit to travel the state and prosecute DWI’s

4. Each year the Connecticut legislature changes the Drunk Driving Laws and penalties. When you are represented by our firm, the staff constantly monitors developing legislation and determines how it will impact your case.

YOU PROBABLY HAVE A LOT OF QUESTIONS. WE HAVE ANSWERS.

Years of practice has made Ruane Attorneys at Law sensitive to the issues which a charge like this brings. You probably have a lot of questions. We have the answers.
